

Creative Prayer Activity with Cadbury's[®] Heroes!

We want to become more like Jesus - and praying together helps us to do this.

Make up your cube using the instructions. Take it in turns to roll the cube and follow the praying instructions below (whilst eating the chocolate - if parents agree!)

Caramels have a soft heart. Pray that you would have compassion, and feel for others, like Jesus did.

God often speaks in a 'whisper' - a still, small voice. Talk & pray about the things that God has been saying to you recently.

Creme Eggs are Easter chocolates. Praise God for sending Jesus as the Great Rescuer, to save us from our sins.

Pray about any hard 'bits' in your life or things that are difficult at the moment.

This one takes a long time to eat! Pray about things you need patience for at this time.

...a chocolate in 2 parts! Jesus told us to do 2 things - to love God & to love others. Pray that God will help you do this more.

Cut out the cube net, being very careful to keep the tabs. Fold carefully along the lines. Apply glue to the tabs and assemble your family cube. Use sticky tape to keep it together if needed!
