

## INTER-ACTIVE BIBLE STUDY ON THE LIFE OF PETER

### **Group Exercise**

There are around 170 references to Peter in the New Testament. These are not all unique, for often the same incidents are recorded in more than one gospel. Then there are the places where this disciple is simply referred to as Simon, although again both names often appear together. The following represent just some of the relevant gospel references – in your group look them up, then try to build up a character profile of Peter.
